MONTANA PREVAILING WAGE REQUIREMENTS

The Commissioner of the Department of Labor and Industry, in accordance with Sections 18-2-401 and 18-2-402 of the Montana Code Annotated, has determined the standard prevailing rate of wages for the occupations listed in this publication.

The wages specified herein control the prevailing rate of wages for the purposes of 18-2-401, et seq., Montana Code Annotated. It is required that each employer pay, as a minimum, the rate of wages, including fringe benefits for health and welfare, pension contributions, vacation, training, travel allowance, and per diem applicable to the district in which the work is being performed, as provided in the attached wage determinations.

A. Date of Publication: July 1, 1996

B. Assistance

To obtain copies of the prevailing wage schedules, please contact the Research and Analysis Bureau at (800) 541-3904 or TDD (406) 444-0532.

For information relating to public works projects and payment of prevailing wage rates, please contact the Labor Standards Bureau at (406) 444-5600 or TDD (406) 444-5549.

LAURIE EKANGER
Commissioner
Department of Labor and Industry
State of Montana

C. Definition of Building Construction

For the purposes of Prevailing Wage, the Commissioner of Labor and Industry has determined that building construction occupations are defined to be those performed by a person engaged in a recognized trade or craft, or any skilled, semi-skilled, or unskilled manual labor related to the maintenance, repair, or construction of a public building or facility, and does not include engineering, superintendence, management, office, or clerical work.

D. Prevailing Wage Schedule

Employers are surveyed biennially to determine prevailing wage rates for building construction industries. This publication covers only building construction occupations. Heavy and highway industry rates are contained in a separate publication. Services

occupations are surveyed in alternate years and current rates are contained in a publication dated July 1, 1995. All of these rates will remain in effect until superseded by a more current publication.

E. Fringe Benefits

Section 18-2-412 of the wage and hour laws states that:

"a contractor or subcontractor may: (a) pay the amount of fringe benefits and the basic hourly rate of pay that is part of the standard prevailing rate of wages directly to the worker or employee in cash;

(b) make an irrevocable contribution to a trustee or a third person pursuant to a fringe benefit fund, plan, or program that meets the requirements of the Employee Retirement Income Security Act of 1974 or that is a bona fide program approved by the United States department of labor; or

(c) make payments using any combination of methods set forth in subsections (1)(a) and (1)(b) so that the aggregate of payments and contributions is not less than the standard prevailing rate of wages, including fringe benefits for health and welfare and pension contributions that meet the requirements of the Employee Retirement Income Security Act of 1974, travel, or other bona fide programs approved by the United States department of labor, that is applicable to the district for the particular type of work being performed.

(2) The fringe benefit fund, plan, or program described in subsection (1)(b) must provide benefits to workers or employees for health care, pensions on retirement or death, life insurance, disability and sickness insurance, or bona fide programs that meet the requirements of the Employee Retirement Income Security Act of 1974 or that are approved by the United States department of labor."

Vacation benefit amounts are included in the prevailing wage rate for building construction occupations. Vacation can be deducted from the wage rate, after taxes, provided the employer is signatory to a collective bargaining agreement which contains a vacation fund and the benefit is then paid into the fund. If an employer is not signatory to a collectively bargained agreement, the employer must pay the full prevailing wage amount with no deduction for vacation.

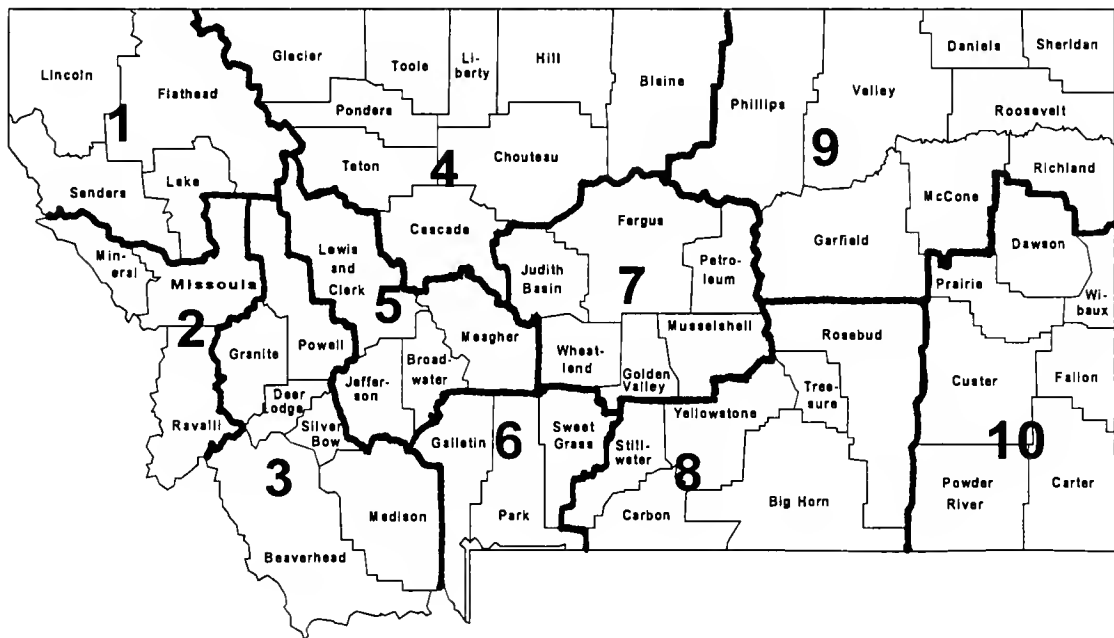

Other fringe benefits specified (health and welfare, pension, apprenticeship training, travel, and per diem) are to be paid in addition to the prevailing wage rates.

Vacation, health and welfare, pension, apprenticeship training, travel, and per diem benefits are not to be considered a part of the hourly rate of pay for overtime purposes

unless there is a collectively bargained agreement in effect that specifies that fringe benefits are to be computed on an hours-paid basis.

F. Prevailing Wage Districts

Montana counties are aggregated into ten districts for the purpose of prevailing wage. A map showing these districts follows:

G. Computing Travel Benefits

Travel pay, for the purposes of public works projects, shall be determined by measuring the road miles over the shortest practical maintained route from the county courthouse of the following cities or the employee's home, whichever is closer, to the center of the job. Each city shall be considered the point of origin only for jobs within that district (as shown below):

District 1 - Kalispell: includes Flathead, Lake, Lincoln, and Sanders counties

District 2 - Missoula: includes Mineral, Missoula, and Ravalli counties

District 3 - Butte: includes Beaverhead, Deer Lodge, Granite, Madison, Powell, and Silver Bow counties

District 9 - Glasgow: includes Daniels, Garfield, McCone, Phillips, Richland, Roosevelt, Sheridan, and Valley counties

District 10 - Miles City: includes Carter, Custer, Dawson, Fallon, Prairie, Powder River, and Wibaux counties

H. Apprentices

Wage rates for apprentices registered in approved federal or state apprenticeship programs are contained in those programs. However, apprentices not registered in approved federal or state apprenticeship programs will be paid the prevailing wage rate when working on a public works contract.

I. Posting Notice of Prevailing Wages

Section 18-2-406, Montana Code Annotated, provides that contractors, subcontractors, and employers who are performing work or providing services under public works contracts as provided in this part shall post in a prominent and accessible site on the project or work area, not later than the first day of work, a legible statement of all wages to be paid to the employees on such site or work area.

J. Employment Preference

Section 18-2-403, Montana Code Annotated requires contractors to give preference to the employment of bona fide Montana residents in the performance of work on public works contracts.
